How to Get Started

1. **Schedule a Demo** – Explore the platform with a WeddingWeb specialist.
2. **Choose Your Plan** – Pick the subscription that fits guest count and feature needs.

3. **Upload Your Event Media** – Add photos, videos, and schedules securely.
4. **Go Live & Share the Joy** – Launch your wedding portal for guests worldwide.

Company Pages Overview

WeddingWeb now offers a full corporate web presence designed to educate couples and partners. All pages are available inside the product at `/company` and are built for both desktop and mobile viewing.

- **Landing Page (`/company`)**: Hero value proposition, live platform statistics, feature highlights, testimonials, and frictionless calls-to-action for free trials and demos.
- **About Page (`/company/about`)**: WeddingWeb origin story, mission and vision, leadership introductions, 2023–2025 milestone timeline, and global success metrics.
- **Services Page (`/company/services`)**: Deep dive into six core services plus advanced capabilities covering security, analytics, integrations, social sharing, and automation workflows.
- **Pricing Page (`/company/pricing`)**: Transparent tiered pricing with annual discounting, add-on catalog (storage, videography, custom domain, analytics), and FAQs for purchasing teams.
- **Portfolio Page (`/company/portfolio`)**: Case studies with engagement metrics, guest feedback, and before/after galleries to validate real-world impact.
- **Contact Page (`/company/contact`)**: Lead capture form, email, phone, live chat readiness, demo booking, office locations in Bangalore/Mumbai/Delhi, and business hours noting 24/7 premium support.

These company pages are optimized for SEO, conversion, and trust-building—helping customers understand the full WeddingWeb ecosystem before and after booking their celebration.

Contact & Support
